

Why our pet owners choose us

We specialise in pet insurance and encouraging responsible pet ownership is at the heart of what we do.

- Once it has been set-up, a lifetime policy from Agria can cover on-going or recurring conditions that last beyond 12 months.
- We even help you out by making £25* available each year to help pay for your dog's health check and booster vaccination.
- Many of our claims assessors have worked in veterinary practices, which helps to ensure claims are settled quickly and efficiently.
- And... we can settle claims direct to your vet.

Here's what pet owners are saying about us on Trustpilot!

Excellent! Quick. Easy. Very good value for money. Very helpful. Need I say more?

Mrs Maker, January 2017

Great service to a new pet owner.

Very kind and understanding, not just a voice on the other end of a phone. Willing to answer all your questions with no worry on time schedules, very clear and concise explanations plus a personal interest in your new pet. I felt very comfortable and safe with this company. Thank you.

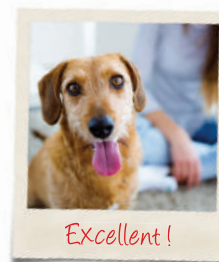

Ms Robinson, January 2017

A first class service. We have used Agria with all our previous dogs and always received a first class service.

'Victory', January 2017

Agria were recommended by the vet. So I signed up for the 5 weeks free insurance, and then made the decision to continue. The young man on the phone was super helpful, very polite and made everything very clear.

Agria 
Pet Insurance

Agria believes it should be **Lifetime, every time.**

The cost of the latest treatments can be daunting, so for your peace of mind we offer lifetime cover every time!

At Agria, we're here to help make it easier for you to protect your dog. So, if your dog needs veterinary treatment you can concentrate on getting him, or her, back to full health and leave us to worry about the vet bill.

...for free advice on any pet health related question.

Plus, our lifetime cover can keep you and your dog smiling for a lot longer than many other policies, as you'll never have to choose cost before care.

As long as you renew your policy each year, we'll keep paying claims for as long as your pet needs treatment

How good does that sound?

With our Lifetime policy, the really important benefits are included as standard.

Then you can tailor your policy to suit your needs and your budget by choosing from our 'pick and mix' optional benefits. It's your dog; it should be your policy!

Included in your Agria Pet Insurance policy each year

Questions people often ask us:

My dog is young and healthy. Do I really need pet insurance?

Accidents can happen at any time. Many of our dog claims are for injuries from accidents, and treatment for broken bones can be expensive.

And although you never know when your dog might develop an illness or injury, with lifetime insurance, you do know that they would be given the care they need.

I vaccinate my dog against the main diseases - isn't that enough?

Vaccinations are vital, but they can't protect your dog from everything. Our policies give you the assurance of access to the right veterinary care should your dog need it. There is even an option to have £25 cashback every year towards your annual health check or booster vaccination.

Why Lifetime, every time?

Many cheaper products place a time limit or financial limit on claims for each illness or injury - once the limit is reached, your claims payments will stop. Lifetime products do not: while there is a maximum claim amount for the policy, claims are not restricted by each condition. This means that you can be covered both for high value and ongoing conditions.
